

Directions to Princeton Friends Meeting – 8/24/2002
470 Quaker Road, Princeton, NJ 08540
609-924-5674

From Rt 206 North/Princeton

At Rt.206/Nassau St in Princeton, turn left at the light. Shortly, turn at the next right onto Mercer Street. Continue on Mercer past Princeton Battlefield to Quaker Road. Princeton Friends Meeting is at the corner of Mercer and Quaker Roads with access only from Quaker Road. To turn onto Quaker Road for the brief time it takes to cross over into the Meeting parking lot, you must pass Quaker on Mercer, immediately enter a left-hand turn lane at the traffic island, doubling back to Quaker Road for a left turn and very immediate right turn. If you overshoot the traffic island and go over the stone bridge with the flashing light, you have gone too far and are now on Princeton Pike (see I 95/295 below).

From Rt 206 South

After Lawrenceville and the Bristol-Myers Squibb campus, turn right at the traffic light onto Provinceline Road. At the next light, turn left onto Princeton Pike (Rt 533). Follow the road until you cross a crooked old bridge with a flashing light. Princeton Friends Meeting is at the corner of Mercer and Quaker Roads with access only from Quaker Road. Immediately after the bridge, turn right at the traffic island, but instead of taking the farthest right onto Quaker Road, take the middle lane and cross over Quaker Road into the Meeting parking lot by making a left turn and a very immediate right turn.

From US 1 North and South

US 1 North or South to the southernmost Princeton-area exit at Provinceline Road. (From the south, you cross back over US 1 on a bridge. From the north, you exit right onto a ramp. Quakerbridge Mall is on the east side of US 1 and Mercer Mall on the west side.) Continue on Provinceline Road until the second traffic light. Here, Provinceline Road turns to the left. Straight ahead is Quaker Road (Rt 533). Go straight onto Quaker Road, crossing the D&R Canal and following the road as it bears right (no choice), continuing with no forks or cross streets past farm fields on the right to the next intersection, which is Mercer Road to the right, Princeton Pike to the left. Several yards before this intersection, on the right side of Quaker Road, is the entrance to Princeton Friends Meeting.

From Interstate 95/295

Take the Princeton Pike exit from Interstates 95/295. It is the exit between the US 1 exit and the Rt 206 exit. Follow the Princeton Pike a few miles passing the traffic light at Provinceline Road, until you cross a crooked old bridge with a flashing light. Princeton Friends Meeting is at the corner of Mercer and Quaker Roads with access only from Quaker Road. Immediately after the bridge, turn right at the traffic island, but instead of taking the farthest right onto Quaker Road, take the middle lane and cross over Quaker Road into the Meeting parking lot by making a left turn and a very immediate right turn.

Once in the Meeting driveway:

The old house on the right is **the School Master's House**. On the left at the fire hydrant is a path to the **Stony Brook House (Quaker Settlement at Stony Brook)**. Next on your right is the Princeton Friends School building. Next on your right is the wall of the **graveyard**. You are fully in the parking lot at this point. Straight ahead is the **Meetinghouse**. As you walk toward the Meetinghouse and meet the corner of the graveyard wall, turn right a walk along the wall until you reach a low modern building, which is the **First Day School**. It is U-shaped, with one arm of the U along the graveyard. Enter the building at the center/base of the U to go to the assembly room or at the far end of the other arm to go to the Meeting Office or Library.
