

The Greenleaf Fund of Philadelphia Yearly Meeting

Purpose

The Greenleaf Fund provides needs-based financial assistance to qualifying older members and attenders of monthly meetings in Philadelphia Yearly Meeting.

Statement of Values

The ministry of the Greenleaf granting group is guided by the values that guided the founding and operation of the former Greenleaf Boarding Home for more than a century: Caring, compassion, confidentiality and respect for all residents of the home.

The creation of the Greenleaf Fund at the Yearly Meeting has enabled this ministry to expand beyond helping older Friends live in a safe and comfortable home where their dignity and integrity are recognized and respected. Today, the ministry serves older Friends burdened by housing needs, illness, infirmity, or insufficient income to meet other basic needs.

The values guiding this expanded ministry are the same: Caring, compassion, confidentiality, and respect for all who seek grants. Personal information provided by applicants is held in strict confidence.
