

In the middle of February 2003, the clerk of PYM Nominating Committee sent out e-mail and postal mail queries to all Standing Committee members of PYM (including Financial Stewardship). The following are the queries:

A- My experience with Standing Committee service has been:

negative -----mixed----- positive
 --1-----2-----3-----4-----5

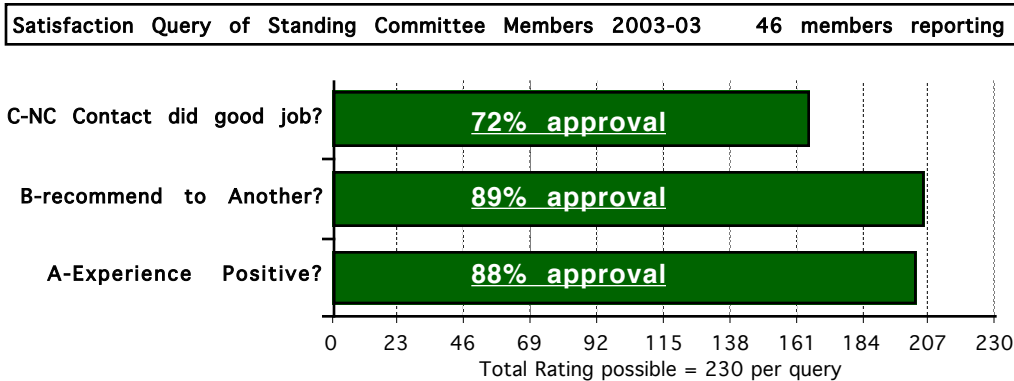

B- I would recommend this service to another Friend as a worthwhile experience:

no-----maybe-----yes
 --1-----2-----3-----4-----5

C- My Yearly Meeting Nominating Committee contact provided me a good idea of what Standing Committee service would be like:

not at all-----somewhat-----definitely yes
 --1-----2-----3-----4-----5

Instructions were given for the recipients to answer the queries based upon the 5 point scale, with 1 being the least satisfactory rating and 5 being the highest. To date, 46 forms have been returned, a 60% return rate. The results are presented in the chart below:

This chart was produced by the Nominating Committee Clerk, using only age related data obtained from PYM's data administrator. No names were forwarded to the clerk. Points represent the amount of committee members at a specific age point
