

PURPOSE

The PYM Quaker Buildings and Programs Granting Group (QB&P) makes grants for construction, renovation, and capital improvement projects of Quaker organizations and to support programs that strengthen Quaker retirement communities, programs for family planning, and specific Friends organizations, in accordance with the donor restrictions as outlined below.

TYPES OF GRANTS

Building Grants are available to Retirement Facilities, Schools, and other Quaker organizations in the PYM region and Quaker Meetings within the USA.

Program Grants are available to Friends retirement facilities in the PYM area, to Friends Journal, to AFSC for social service projects in the USA; to organizations such as the Friends Council on Education or the Committee on Friends Education to support the education of PYM Young Friends in Friends Schools; and to organizations within the PYM area that offer programs offering or relating to planned parenthood, birth control, and family planning, including advocacy, education, or direct services.

Project scope varies by type of organization, as described under “Eligibility.” The trusts establishing these funds restrict their usage; requests for grants that fall outside the trust restrictions cannot be considered.

ELIGIBILITY & GRANT SIZE

The following types of organizations are eligible to apply:

1. **Friends Meetings** within the United States may apply for the construction of new meeting houses or renovation of meeting houses in active use. Recently, grants to Friends Meetings have ranged in size from \$2,500 to \$15,000, with a median grant award of \$9,500 to Friends Meetings within PYM.
2. **Friends Retirement Facilities** within the PYM area may request program grants for initiatives that support and strengthen them as Quaker retirement communities and building grants for construction, renovation, capital or equipment projects, and maintenance. Recently, grants to Friends Retirement Facilities have ranged in size from \$16,000 to \$80,000, with a median grant award of \$16,210.
3. **Quaker Organizations** in the PYM region may apply for grants for building acquisition, construction, and renovation (not maintenance). Recently, grants to Quaker Organizations have ranged in size from \$1,000 to \$10,000, with a median award of \$4,361.
4. **Non-Profit Organizations** in the PYM region may apply for grants for projects relating to family planning and birth control.

In addition to the above types of organizations, several organizations and purposes were specifically cited for eligibility by the donors of the funds from which we make grants, as follows: **AFSC** may apply for program grants in support of social service projects in the USA; **Friends Publishing Corporation** may apply for program grants; **organizations that support the education of PYM Young Friends in Friends Schools**, such as, but not only, the Friends Council on Education or the Committee on Friends Education, may apply for program grants in support of those purposes.

APPLICATION REQUIREMENTS

1. Applicants with overdue reports on prior QB&P grants are ineligible to make new grant requests.
2. Organizations may apply for up to two projects per calendar year
3. To qualify as a Quaker organization, at least 50% of board members must be members of Quaker Meetings.
4. Applications should only be made for the total cost of a project in exceptional circumstances. Organizations are expected to support projects to the extent they can and seek further broad support as appropriate.

5. For Meetings, applications are not considered for: routine maintenance, such as painting and repairs to stone walls not part of the meeting house, horse sheds, or auxiliary buildings not used for religious purposes.
6. Applications must be submitted in advance of upcoming work or for projects completed within the last six months or since the previous Quaker Buildings & Programs application deadline.

PRIORITIES

1. Non-routine capital projects, renovations, or unexpected expenses for which organizations cannot budget.
2. Projects that further the organization's mission and which could not happen without the grant.
3. Projects having either a definite termination or a source of subsequent support.
4. Projects that are substantiated as a need by building or conditions assessments
5. Projects that are environmentally sustainable, energy-efficient, and serve to reduce or eliminate the use of fossil fuels.

APPLICATION PROCEDURES AND EXPECTATIONS

APPLICATION: All applicants must complete the Quaker Grantmaker Common Form ('Common Form') and the Financial Form appropriate to their organization. Download the forms online at www.pym.org/grants.

1. Applications will be considered to have met the deadline if a digital or printed copy of the application is received by 5:00 p.m. on the deadline date. Applicants need only submit one digital or printed copy of all required materials.
2. On the Common Form, Narrative, Section A, Question 3: Friends Retirement Homes should indicate which residents will benefit in terms of the level of care - independent living/personal care/assisted living/nursing/hospice.
3. On the Common Form, Section 3: for building grants requests, in addition to the information requested in the Common Form, please also include by attachment both a 990 *and* an audit or financial report, not either/or, and
 - a. A description of all real estate owned by your Meeting/organization. Meetings and organizations having more than one structure on their property should clearly state for which building the grant is requested.
 - b. Contractors' proposal(s) and/or bid(s) for the work to be done.
 - c. A copy of your Meeting's/Organization's current Certificate of Insurance.
 - d. A list of groups that use the property for which the grant is requested other than your organization
4. Project Budget: On the Common Form required attachments list, a 'project budget' should be understood to include planned income and expenses and clearly show where the funds to pay for the project originate or are planned to originate. A project budget that lists only costs needs to be completed.

The checklist at the end of this document may help confirm that your application is complete.

APPLICATION TIMELINE

1. Deadlines for application: March 1 and September 1. Applications are due the following Monday if the 1st falls on a Saturday or Sunday. Applications received after the deadline will be held until the next deadline for consideration.
2. Confirmation of application: After you apply, PYM staff will confirm that your application was received and then review your application for completeness before passing it on to the Granting Group to consider for approval. You may be asked to submit additional or missing material or clarify aspects of your application if unclear.
3. The granting group may assign one or more members to conduct a site visit and to discuss your application with the person responsible for overseeing the project. This typically occurs between the application deadline and the 15th of the month following that deadline.
4. Decisions are made by the end of April (spring applications) or October (autumn applications).
5. Grants are distributed when the granted project is approved, and funds are available. You must report on the grant within one year of approval. Disbursement will be preceded by an emailed grant letter describing the reporting requirements and the limits of the grant. Grant funds must be used only for purposes specified in the grant letter. Granted funds not used within the reporting period for the specified purpose of the grant must be returned unless an extension is requested by the grantee and approved by the Granting Group.
6. Grant Reports are due within either one or two years from the date of application, as noted above. Reports may be published or excerpted on the PYM website. Electronic photographs of the project – before, during, and after – are much appreciated and, if submitted, may be published on the PYM website. In your report, you will be asked to:
 - a. Evaluate the project using your criteria as stated in your application Narrative, Part B
 - b. Account for your use of the funds.
 - c. Describe the project’s benefits to your facility and those you serve.
 - d. Explain what was accomplished that would only have happened with the grant.
 - e. Share what you’ve learned in this project that could benefit others.
