

Minute of Travel for Religious Service

Dear Friends:

By means of this letter, we send forth Friends who are called to the ministry of working with the religious education programs in our meeting. _____ Meeting supports this calling and we are in unity with those called to this work. It is our intention to provide spiritual support and accompaniment, as they will each at times be absent from our communal worship to be in service to our youth.

We hold the First Day program for children and youth to be an extension of Meeting for Worship. We consider all, children and adults alike, to be sharing in the experience of spiritual community, both in youth programs and on return to the meetinghouse for the last part of our Meeting for Worship all together.

In the spirit of Quakers writing minutes about important spiritual journeys, _____ Meeting endorses the “travel” of these Friends to work with the young people in our meeting on First Days:

<list names of adults>

We wish you all an excellent year together.

In friendship,

Clerk, _____ Meeting
