

Planning Calendar for Youth RE Programs 2022-2023

Building a religious education curriculum plan or “road map” of topics and lessons for the year ahead allows you to gather inspiration, season ideas, seek out adults to lead and assist, and present an invitation to families to participate. Connecting the themes of lessons from one week to the next gives your First Day programming coherence and energy. There are many resources to provide content for planning; some links are provided below.
